

## Traffic School - Course Details (CTSI)

Here's how our

Traffic  
School 's program works:

### Chapter Quizzes

Our course is an open book format. There are five chapters, with 18 units of varying lengths. After you complete each chapter, a short, 10-question quiz will appear. After completing the quiz and scoring 100 percent, you'll be able to move on to the next chapter. The 100 percent passing is required for all schools not just our school.

No stress and no pressure - you can retake the quiz as many times as you need.

### Course Format

You do not have to finish the entire course at one time. You may take as long as you would like and complete the course all at once or over multiple times. You can enter or exit the course any time as often as you like. Your progress is automatically saved for you.

### Final Exam

After you complete all the chapters and the chapter quizzes, you will be able to take the final exam. The final exam consists of 25 multiple choice questions, you must score 80% or better to pass the course. Our entire course is available while you are taking your final exam. The final exam is not timed, so take as much time to answer each question. We offer ONE free retakes should you fail. You need to email us to request to sign up a free re-take.

### Certificate of Completion

Upon passing your final exam your certificate of completion will be mailed to you within two business day via standard post office mail. You must sign your certificate of completion and send the original copy to your court. Weekend processing and express delivery is available, call for details. If you do not receive your certificate after 3 business days feel free to contact our school.

### \*: Identification Required

Important Notice: For counties labeled with an "\*", your court requires that your final exam be verified to ensure your identity. Our school offers two options for you to do this. For online identification check there is an additional fee of \$10.00 For details please click here to download the "Identification Verification Information"
